

HOW TO PICK YOUR PERFECT HAT SIZE!

You'll need: a printer, 1 pair of scissors, 2 pieces of tape, and a patriotic head to measure!

STEP 1.

Print this page at 100% size - turn off all scaling on your printer to ensure 1" = 1".

STEP 2.

Using scissors, make 4 cuts to separate the rulers from the rest of the paper. Then, make 2 additional cuts to separate the rulers into 3 separate pieces.

STEP 3.

Align the right end of Ruler 0"-9", over the left end of Ruler 9"-18". Cover the gray area completely, and match the stripes with stripes. Once you have it aligned, use a piece of tape to securely make one longer piece out of the two pieces. Repeat this to attach Ruler 9"-18" on top of Ruler 8"-26" - DONE!

STEP 4.

Wrap it around your head 1" above your ears, and over your eyebrows where you typically like to wear your hat.
